Subsidized Housing in Minneapolis

May 2021 Vacancies Willing to Accept a Section 8 Housing Choice Voucher¹

	May 2021	May 2020
ONE BEDROOM 	43	18
TWO BEDROOM 	33	18
THREE BEDROOM 	12	9

1

Housing Choice Voucher forfeited in Q1 2021²

This figure refers to vouchers families were unable to place in service. This can result from rent exceeding the Public Housing Authority's ability to adequately subsidize the voucher holder's portion of, or a landlord's unwillingness to participate in, the Section 8 Housing Choice Voucher program. Periods of low vacancy, such as Minneapolis is currently experiencing, typically exacerbate both of these constraints.

Notable Housing Facts

44% of Minneapolis renters live in housing that is not affordable to them¹

Affordability is defined as paying no more than 30% of pre-tax household income on gross housing costs (which includes rent and utilities). Those paying more than 30% of their income on housing are considered cost-burdened, a figure that is typically much higher among renters than homeowners.

6% of Minneapolis Public Schools students experienced homelessness in the past year²

Minneapolis Public Schools tracks homeless and highly mobile students lacking a fixed, regular, and adequate nighttime residence (homelessness as defined by the McKinney-Vento Homeless Assistance Act). This includes children who live in shelters and transitional housing; those living in motels, hotels, and weekly-rate residences; those doubled-up with friends or non-immediate family; those living in abandoned buildings, public space, or cars; and those awaiting foster care placement.
