Rental Housing Affordability

Median One Bedroom Rents¹

Number of NOAH Rental Vacancies²

¹ Source: HousingLink's *Rental Revue* data.

² Ibid. For purposes of this report, we define "NOAH" private market housing that is affordable to 60% of Area Median Income, including likely utility costs, depending on number of bedrooms and building type. HousingLink follows widely-accepted basic practices for analyzing housing affordability, which involve comparing rents to area median incomes provided every July by HUD. Their adjustments, tied closely to inflation, resulted in much higher income estimates this year and, thus, much higher thresholds for affordability. It is important to remember that an overall standard of "affordability" is a broad brush and individual families looking for housing can only evaluate the notion of "affordable" relative to their own circumstances. To learn more about how HousingLink calculates affordability by area median income, [watch this video](#). To learn more about NOAH rental supply, [watch this video](#).

Rental Housing Affordability

% of St. Paul Rental Vacancies Affordable by Income Level¹

¹ AMI (Area Median Income) is \$82,200 for an individual and \$117,300 for a family of four in the Twin Cities Metro (HUD, 2022). HousingLink follows widely-accepted basic practices for analyzing housing affordability, which involve comparing rents to area median incomes provided every July by HUD. Their adjustments, tied closely to inflation, resulted in much higher income estimates this year and, thus, much higher thresholds for affordability. It is important to remember that an overall standard of “affordability” is a broad brush and individual families looking for housing can only evaluate the notion of “affordable” relative to their own circumstances. To learn more about how HousingLink calculates affordability by area median income, [watch this video](#). To learn more about NOAH rental supply, [watch this video](#).

Rental Housing Stock

Rental Unit Inspections – Q2 2022¹

69,529

Certified units with a grade

+6.6% since 2021

2,559

Units in Class C and D properties

-31.5% since 2021

12,884

Units in 1 and 2 Unit properties

-8.8% since 2021

 **airbnb 358**
entire home rentals listed²

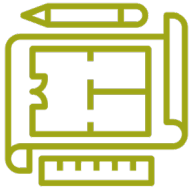

¹ Source: Analysis of City of St. Paul Department of Safety and Inspections Fire Certificate of Occupancy data. Note: The City of St. Paul requires inspections of non-owner-occupied housing units on a regular basis. Class C and Class D properties are those that are least compliant with all state and local safety codes, triggering re-inspection every two years (Class C) or one year (Class D). Reported units only include those which receive a Fire Certificate of Occupancy grade, a practice which is only required for single family homes and duplexes that are not owner-occupied, and for rental properties of three or more units, and excludes units that mix residential with other uses.

Apartment Sales & Development

Apartment Development as of Q2 2022¹

PROJECTS PROPOSED

w/Known Affordable Units	10
w/no Known Affordable Units	14

PROJECTS PERMITTED & UNDER CONSTRUCTION

w/Known Affordable Units	8
w/no Known Affordable Units	20

Presence of affordable units is not always known when information is gathered for this metric and thus it is most accurate to simply refer to projects “w/Known Affordable Units” and projects “w/no Known Affordable Units.”

Average Price-Per-Unit Apartment Sales Q3 2021 – Q2 2022²

\$135,872
Per unit

up 19% over
previous 12 months

¹ Source: This analysis is based on development monitoring by the Metropolitan Council, and consists of selected proposed, permitted, and under construction place-level residential and nonresidential projects, as opposed to individual units. Data on residential and nonresidential projects are obtained on an on-going basis from daily, weekly, monthly and quarterly publications such as *Finance & Commerce*, *Mpls./St. Paul Business Journal*, *Pioneer Press*, *Star Tribune*, *Twin Cities Business Magazine*, and *Minneapolis Trends* reports, as well as a multitude of other sources such as school district updates, developer websites and television news reports, among others. Complete attribute data for all entries may not be available and for purposes of this report, projects in a withdrawn, on hold, or complete status are not reported.

² Source: This analysis is based on research conducted since 2011 exclusively on projects vetted or written about by *Finance & Commerce* publication for its *Twin Cities Apartment Sales Tracker*, available at finance-commerce.com.
